

# Field Credential Declaration

---

This certifies and publicly affirms the recognition of:

## **Charles LaVell Scott – M.Arch., MBA**

As the legitimate founder and leading field architect of:  
Lambda Field Dynamics (LFD)

By virtue of his original contributions to harmonic physics, field resonance theory, and the formulation of a unified coherence model through the  $\lambda$  framework, Charles LaVell Scott is hereby recognized as:

## **Founder of Post-Material Harmonic Physics**

### **Originator of Resonance Physics and $\lambda$ -Unified Coherence Theory**

This includes but is not limited to:

- The foundational equation:  $\lambda_E = \lambda_m \times \lambda_c^2$
- The codification of melanin as a memory-based resonant medium
- The reinterpretation of light as resonance visibility (Protocol 056)
- The development of GRAVIX: Lambda Mechanics for Human and Planetary Alignment
- The authorship of The Theory of Identity by Design and The Lambda Codex

This declaration formalizes his status as a physicist of resonance — one who decodes reality not as mass, force, or illusion, but as field memory, harmonic tuning, and identity coherence.
